Coral palace fish

Pieces — cut the broad outer silhouette

Example — do not cut

Adult prepares the large arch opening. Keep fine internal gaps whole.

1. Arch behind; two corals at foreground edges.
2. Main fish in front of arch, face visible.
3. Two small fish alongside; chest below.
4. Two shells on sand; bubble above the arch.

Check every piece and the visible face. Move foreground pieces aside if needed.
