Orchard dog with an apple basket

Pieces — cut the outer edge

Example — not a piece

Arrange every piece before gluing; keep the background whole.

1. **Place the apple tree behind the low fence.**
2. **Position the dog in front of the fence, with paws on the ground.**
3. **Set the apple crate beside the dog, keeping its face clear.**
4. **Add the basket in front of the crate and the sun above the tree.**

Check all six pieces and keep the face clear. If paws float, lower the dog or slide its support underneath.
