Dinosaur reaching for leaves

Pieces — cut the outer edge

Example — not a piece

Color before cutting. Arrange every piece before gluing; keep the background whole.

1. Rear rock or ground support on the ground.

2. Dinosaur with feet meeting its support.

3. Plants at the sides and sun in the sky.

4. Front rock or fallen log last.

Count the pieces and keep the face clear. If feet float, slide support underneath.
