Poodle in the park

Background — keep whole

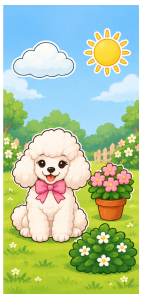

Both pages: print at 100%. Pieces and example are on page 2.

Poodle in the park

Pieces — cut the outer edge

Example — not a piece

Arrange every piece before gluing; keep the background whole.

1. Place the rear plant or ground object first.

2. Position the dog with its paws or body supported.

3. Glue the separate bow over the printed neck bow; arrange the four scenery pieces around the dog.

4. Glue rear layers first and foreground accents last.

Check all six pieces and keep the face clear. If paws float, lower the dog or slide its support underneath.
