Spaniel by the pond

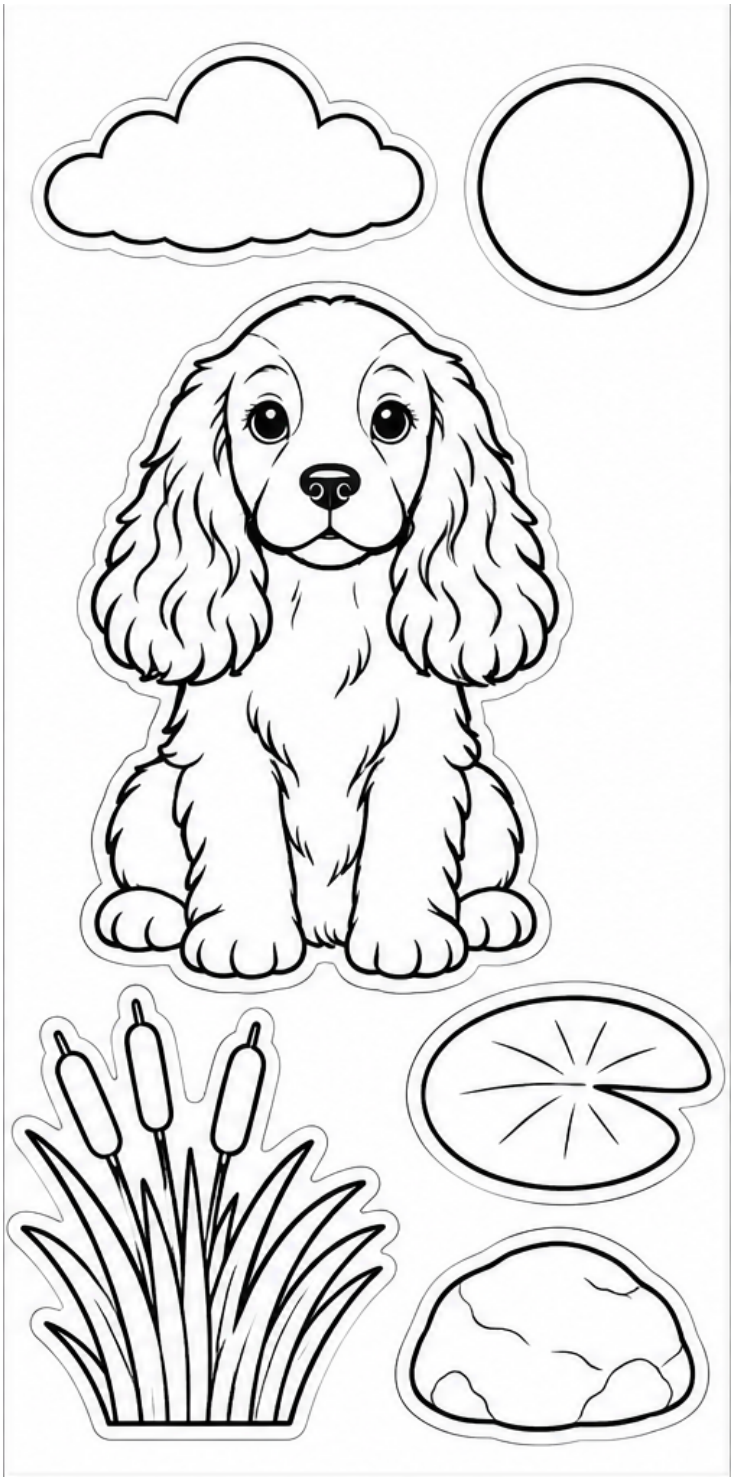

Background — keep whole

Both pages: print at 100%. Pieces and example are on page 2.

Spaniel by the pond

Pieces — cut the outer edge

Example — not a piece

Color before cutting. Arrange every piece before gluing; keep the background whole.

1. Place the rear plant or ground object first.

2. Position the dog with its paws or body supported.

3. Place the remaining scenery around it; keep the face clear.

4. Glue rear layers first and foreground accents last.

Check all six pieces and keep the face clear. If paws float, lower the dog or slide its support underneath.
