Unicorn in the snow

Background — keep whole

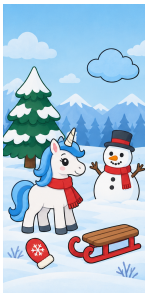

Both pages: print at 100%. Pieces and example are on page 2.

Unicorn in the snow

Pieces — cut the outer edge

Example — not a piece

Arrange every piece before gluing; keep the background whole.

1. **Position the broad rear scenery first.**
2. **Place the unicorn with its hooves or body supported.**
3. **Arrange the other pieces; leave the face and horn visible.**
4. **Glue the rear layers first and foreground accents last.**

Check all six pieces and keep the face clear. If hooves float, lower the unicorn or slide its support underneath.
